## Pursuing course in full stack web development (Fresher)

As a dedicated business student, I am poised to leverage my academic foundation, practical experience, and strong analytical skills to contribute effectively in the dynamic world of business. My education in [Bachelor in business administration] has equipped me with a solid understanding of key business concepts. Utilized data analytics skills honed through coursework to drive data-based decision making and strategy development I am expanding my sphere of knowledge by indulging in other need based courses. Articulate communicator able to synthesize complex information into actionable plans, presentations, and reports. . Seeking to leverage diverse business education and experiences in a full-time Analyst or Associate role. Presently, I am pursuing courses in Full Stack in web development with React.
